PoolCop Infinity

THE SMART ENTRY POINT FOR DATA-DRIVEN POOL CARE WITH ESSENTIAL DISINFECTION CONTROL

- Advanced data aquisition & smart dosing
- Dual pump monitoring & double filtration
- 2 predefined relays (pH + disinfection)
- Predefined inputs for water level, water & air temperature, water pressure and flow rate
- 12 additional inputs
- Integrated WiFi, ethernet & 4G connectivity
- 4 Modbus connections
- DMX lighting connection
- Unlock automation at any time with 1 or 2 PoolCop Edge modules

ECO-PARTICIPATION, WEEE

Certain products are subject to "Eco-participation" in France, which contributes to the financing of the collection and the recycling of former equivalent products (directive 2006/96/CE). Our partner for the collection and recycling of eligible products is Eco-systèmes.

Following decree No. 2009-1139 dated 22 September 2009, with regards to placing dry cell batteries and storage batteries on the market, as well as the elimination of used dry cell batteries and storage batteries, PCFR has partnered with an organization dedicated to the recycling of dry cell batteries and portable storage batteries. Our partner is SCRELEC Environnement.
